

Request for Proposals: TUL Photography Wall

Questions received from interested parties:

1. The request says that the photographs should have a Tulsa connection, would photographs taken in Oklahoma, like at the Wichita Mountain Wildlife Refuge be appropriate, or are you looking for Tulsa only?
 - a. Although we have great pride in our state, we are looking for Tulsa-specific art through this particular RFP.
2. A lot of my best Tulsa photos happen to be vertical, not landscape. I assume there is no way to work around that?
 - a. The RFP states the proposed prints be landscape.
3. If I don't have 20 photographs could I invite one or two other photographers to join me and submit a proposal that way?
 - a. Collaboration among multiple artists is welcomed and encouraged. However, there will only be (1) \$1,000 stipend issued to the selected applicant.
